Overview

The SJ Home Care Figma delivers a structured web design prototype which demonstrates a professional home care service website. The project delivers an intuitive interface to meet the needs of clients who need compassionate caregiving services. The design uses a contemporary appearance with clean lines and maintains both easy navigation and professional warmth in its presentation.

Design Approach

SJ Home Care Mock-Up provides users a layout which uses user-focused design principles to create smooth navigation paths and structured sections between website pages. The design aesthetic through its color scheme establishes trust since it uses the color palette mix of greens and reds. While it is still able to display care and professionalism to create a reassuring experience for potential clients. The design places accessibility first by delivering responsive user-friendly features that maintain straightforward readability and hassle-free navigation no matter the device. The combination of professional caregiver and client images along with high-quality presentation enhances credibility while building trust which demonstrates SJ Home Care's dedication to providing compassionate reliable services.

Features

The logical page arrangement enables clients to experience a professional and trustworthy site that lets them easily examine services before deciding to obtain a top quality home care.

The wireframe illustrates the layout of a contact page. It features a header with a logo on the left and four navigation links on the right. Below the header is a contact form with three horizontal input fields. The main content area is divided into two columns: the left column contains a form with five horizontal input fields, and the right column contains a red rectangular box with three horizontal input fields. Below this is a large gray rectangular area with a black 'X' across it, labeled 'GOOGLE MAPS'. The footer section includes a logo on the left, four navigation links on the right, and a dark gray bar at the bottom with the word 'FOOTER' on the left and two additional links on the right.
